20		I. <u>Resolution 4-2015: ASCWD Capital Facilities &amp; Fire Mitigation Fee</u>
21		Expenditure Plan:
22		President Grant opened the public hearing for the Plan at 9:01 a.m.
23		Members of the public participating in the hearing were NTFPD's Tim
24		Alameda and Steve Simon. Tim presented the Plan. He said that Nita
25		Wracker, NTFPD's CPA, recommended approval of the Mitigation Fees
26		as presented. He added that Pat Davison, executive director of CATT
27		(Contractors Association of Truckee Tahoe), had documented some
28		issues with the Plan, including a preference that the fee increase be
29		implemented after the building season, rather than during it. President
30		Grant asked Tim if collecting the fees at a later date was realistic; Tim
31		said it would be a hardship for his staff. President Grant asked if Tim
32		could address the other issues raised by Pat, in particular item 2)
33		regarding the projected purchase of items cited in the 2013 Fee Update
34		but not shown as actually purchased in the Plan presented today; Tim

47		וווושופט נופוו דיצבמו פוטטמנוטוו.

1		• Equipment: Chief Schwartz is in Pennsylvania to check on NTFPD's
2		two new engines. They will be at Tahoe before the end of the month.
3		Dispatch Calls: There were 3 calls to dispatch from Alpine Meadows
4		during April.
5		Station Staffing: NTFPD staffed the Alpine Meadows fire station 17
6		days last month, which is less than usual, but which pushed the total
7		for the fiscal year to over 203 days.
8		Community Wildfire Protection Plan: NTFPD's forester Forest Schafer
9		is working on an update to ASCWD's CWPP. The mapping is
10		complete and Forest is now working on the narrative. Meeks Bay
11		Fire's Dave Rodriguez will evaluate Alpine Meadows and provide
12		input to Forest.
12		Chipping: Tim Alameda, Manager Collins, Pam and Meeks Bay Fire
14		are working on an agreement for Meeks Bay Fire to provide chipping
15		services in Alpine Meadows this summer.
16		Defensible Space: CalFire will be doing more inspections and NTFPD
10		received a grant to staff a defensible space inspector. The inspectors
18		will be evaluating properties in Alpine Meadows this summer.
19		<ul> <li>Arson Taskforce: The taskforce says if there is a wind event in June, it</li> </ul>
20		would have a major impact on the forest. Local people understand
21		the danger, but NTFPD is trying to get the message out to non-locals
22		(people from the Bay area, etc.) via newsletter and NTFPD's weekly
23		show on Lake Tahoe Television.
24		Hazard Mitigation Plan: Manager Collins and Steve Simons have
25		been attending meetings to update the Plan. The Plan is a
26		requirement for an organization to be eligible for FEMA grants.
27		NTFPD's Captain Smith will be responsible for the Plan update.
28		<ul> <li>NTFPD Newsletter: Pam asked if valley residents can get on</li> </ul>
29		distribution for the NTFPD newsletter. Tim said yes.

48		a.m.". Director York AMENDED the motion to include the correction.

1		Director Northrop SECONDED the amended motion. Directors Northrop,
2		Salke and York being in favor, the amended motion was APPROVED.
3	D.	General Manager's Report:
4		John Collins, General Manager, provided a written report on his activities
5		during the month of April, with discussion on the following topics:
6		Alpine Meadows Road Bridge Replacement Project: The project is
7		underway.
8		• Alpine Sierra Subdivision: The developer is working on his EIR.
9		Chalet Road to John Scott Trail Waterline, PRV & Sewer-line Project:
10		Longo continues to work on the project's final punch list, but snow and
11		rain keep interrupting his work.
12		<ul> <li>Tanks 4 and 4A Replacement: Larry Heywood continues to work on</li> </ul>
13		hazard mapping for the project site.
14		Stanford Chalet Subdivision: The District has been asked to provide
15		input for the project, which is planning to increase from its current 14
16		units to 18 units. Manager Collins' summary of the District's position
17		is that the project is already within the District's service area, that the
18		District has sufficient sewer capacity for the new subdivision, but that
19 20		the developer will have to provide additional connection fees and
20		participate in funding a booster pump that will supply their water.
21		<ul> <li>AME Well Re-drill: Discussed later in the meeting (agenda item 3F).</li> <li>Alpine Village Apartments and Alpine Manor easement: For Alpine</li> </ul>
22 23		Manor: see agenda item 3H. Manager Collins reported that Ben
23 24		Tallarigo, Alpine Village Apartments' representative, does not wish to
24 25		carry "hold harmless and general liability" insurance. District Counsel
26		drafted a letter advising Mr. Tallarigo that he needs to carry such
27		insurance, and in the event that he does not, he and his tenants do
28		not have the District's permission to cross the easement and if they
29		do, they do so at their own risk.
30		Boundary Line Adjustment: Webb Land Surveying completed their
31		work (surveying the proposed boundary line adjustment between the
32		District's property and that of the Ancinases at Casa Andina) and
33		provided it to the appraisers, who expect to complete their work by the
34		end of this month.
35		USFS Special Use Permit: The USFS is currently reviewing the
36		documentation provided to them by Manager Collins.

43		updates on water, sewer, garbage and other services provided by the
44		District.

48		process of opening the Park, planning to have it ready in two weeks;
49		and removed snow from around the shop and office area.

- All quarterly spring and routine water samples were absent coliform bacteria.
- F. Award Bid to Longo Inc. for AME Well Equipping Project: 3 Manager Collins reported that Longo was the only bidder on the AME well 4 house and control facilities. Longo's bid was \$755,850, significantly 5 higher than the engineer's estimate of \$509,000. Manager Collins met 6 7 with Longo and his subcontractors to discuss the bid. He learned that there were two areas in the electrical category where the engineer 8 underestimated costs. Extensive discussion between the engineer and 9 10 electrical subcontractor revealed no areas where costs could be reduced. Manager Collins and Buz did identify some ways to save costs with the 11 12 building itself. Manager Collins recommended that the Board award the bid to Longo, Inc., in an amount not to exceed \$755,850, and said he 13 would issue change orders to lower costs (probably by around \$10K-15K) 14 15 as the work proceeds. He said the District has the funds to pay for the project. He added that his colleagues at Truckee Meadows and in Incline 16 Village have reported similar experiences, with project bids running as 17 much as 40% higher than engineer's estimates: the perception is that 18 19 contractors are sufficiently busy with other work that they are reluctant to participate in new bidding and when they do are submitting higher bids. 20 Director Northrop asked if the power would be above or below ground: 21 22 Manager Collins said they had not made a final decision and that it depended on what Liberty Energy chose to do, but that they were likely to 23 bring the power off the pole down to a transformer on a pad and from 24 25 there underground. 26 Director Northrop made a MOTION that the Board award the bid to Longo. Inc. to equip the AME Well, in an amount not to exceed \$755.850. 27 Director York SECONDED the motion. Directors Northrop, Salke and 28 29 York being in favor, the motion was APPROVED. G. 30 **TTSA Report:** Director Northrop provided an agenda and his own written report for the 31 32 April 15, TTSA Board meeting. The plant is operating normally and efficiently. 33 • All waste water discharge requirements are being met. 34 TTSA has a new manager, who Director Northrop characterized as 35 • well-qualified and a go-getter. 36 The next TTSA Board meeting is scheduled for May 13. 37 38 Н. Resolution 2-2015: Easement Agreement with Alpine Manor Association: 39 40 The Board reviewed the easement agreement between the District and Alpine Manor Association. Director Northrop made a MOTION that the 41 42
  - Board adopt Resolution 2-2015: Granting an Easement Agreement for Alpine Manor Association on ASCWD Parcel No. 095-040-007. Director York SECONDED the motion. Roll was called to adopt the Resolution. Ayes: Directors Northrop, Salke and York, and President Grant. Noes: none. Absent: Director Battey.
- 47 J. Board Performance in Fiscal Year 2014/2015:
- 48The Board reviewed its performance this fiscal year against the492014/2015 Goals & Objectives.

1	Κ.	District Mission Statement:
2		The Board reviewed last year's mission statement to see if they felt any
3		changes should be made to it this year. Manager Collins reported that
4		the Administration & Personnel Committee reviewed it and could not
5		identify any needed changes. The Board agreed that they were satisfied
6		with the mission statement as it currently stands and opted to make no
8 7		changes to it at this time.
8	L.	Implementation of Water Conservation Policy 1.2.0:
9		Manager Collins reported that the State has not mandated any particular
10		water conservation measures for the District. However, as General
10		Manager, he recommended that the Board invoke voluntary restrictions,
12		one of the three restriction levels defined in Policy 1.2.0: Water
12		Conservation. He also recommended that the District advertise the
13		restriction level to the valley residents via a sandwich board placed on the
15		street outside the District office area. Director Salke suggested that Staff
16		also advertise the voluntary restrictions via the District web page.
10		Manager Collins advised the Board that the District's per capita water
18		usage is much lower than other districts. Director Salke asked if the
19		District would be able to continue supplying BCA with water for its pond
20		this summer; Manager Collins said yes.
21		Director Northrop made a MOTION that the Board implement voluntary
22		water restrictions, in accordance with Policy 1.2.0: Water Conservation,
23		as the District's water conservation measures for this year. Director York
23		SECONDED the motion. Directors Northrop, Salke and York being in
25		favor, the motion was APPROVED.

Director Northrop made a MOTION that the Board approve the operating budget for FY 2015/2016 by fund by month, as presented. Director York SECONDED the motion. Directors Northrop, Salke and York being in favor, the motion was APPROVED. Manager Collins reminded the Board that the operating budget has an estimated cost of living allowance built into it because the actual cost of living figure is not available yet; when the actual figure becomes available in mid-June, Mike Dobrowski will replace the estimated figure in the budget with the actual figure. Manager Collins will report the actual figure at the June or July meeting so that it becomes a matter of record. The Board next reviewed the capital improvement plan for FY 2015/2016 and capital cash flow projections through FY 2021/2022. President Grant

President Grant reminded the Board that they saw the preliminary budget at last month's meeting, that the Budget & Finance Committee identified a few items that needed adjusting and Staff also identified a few items that needed adjusting and Staff also identified a few items that needed adjusting. Mike Dobrowski made the adjustments and then split out the budget by month by fund, resulting in the detailed budget reviewed by the Board today. The Budget & Finance Committee recommended approval of the operating budget as presented. Director Northrop made a MOTION that the Board approve the operating budget for FY 2015/2016 by fund by month, as presented. Director York SECONDED the motion. Directors Northrop, Salke and York being in favor, the motion was APPROVED. Manager Collins reminded the Board that the operating budget has an estimated cost of living allowance built into it because the actual cost of living figure is not available yet; when the actual figure becomes available in mid-June, Mike Dobrowski will replace the estimated figure in the budget with the actual figure. Manager Collins will report the actual figure at the June or July meeting so that it becomes a matter of record. The Board next reviewed the capital improvement plan for FY 2015/2016 and capital cash flow projections through FY 2021/2022. President Grant pointed out that only three items were added to the capital improvement

1		approval of the capital improvement plan. Buz reported that the date for
2		resurfacing the tennis courts is June 15 and it will take about a week; the
3		courts will be closed during that week.
4		Director Northrop made a MOTION that the Board approve the proposed
5		water and sewer capital improvement plan for FY 2015/2016. Director
6		York SECONDED the motion. Directors Northrop, Salke and York being
7		in favor, the motion was APPROVED.
8		With respect to the capital cash flow projections, President Grant pointed
9		out that the District's cash flow is within the Board's policy parameters,
10		but that the numbers are lower than they have been for some time.
10	Ν.	Resolution 3-2015: Requesting Collection of Charges on the Tax Roll
12		for the Tax Year 2015/2016:
13		The Board approves such a resolution annually to recuperate costs from
13		unpaid accounts. Director Northrop made a MOTION that the Board
15		adopt Resolution 3-2015: Requesting Collection of Charges on the Tax
16		Roll for the Tax Year 2015/2016. Director York SECONDED the motion.
17		Roll was called to adopt the Resolution. Ayes: Directors Northrop, Salke
18		and York, and President Grant. Noes: none. Absent: Director Battey.
19	Ο.	Review Quotes for a New Copy Machine:
20		Pam reported that she has been having a lot of problems with the old
21		copy machine. It is five years old, which the copier companies say is
22		about when copiers start having problems. The District owns the copier,
23		rather than leasing it. She obtained bids for four new copiers and
24		provided the Board with the purchase prices, lease costs, relevant
25		performance characteristics and repair response times. She said she did
26		not perceive that replacing the old copier was urgent at this time, but that
27		the time to replace it could be coming soon. She also said that, when the
28		time comes to replace it, she would prefer to try to find a buyer for it,
29		rather than simply handing it over to the company that supplies the new
30		copier. She said her biggest print job each month is the Board packet;
31		she could have the packets printed at a copy company each month, but it
32		would cost \$500 each time, which would be equivalent financially to
33		buying a new copier every year.

36	g. <b>Next meeting:</b> Scheduled for Thursday, June 11 at 9:30 a.m.
37	ii. Administration & Personnel Committee: No meeting.
38	iii. Park, Recreation & Greenbelt Committee: Director York presented
39	a written report of the March 11, Committee meeting, along with a
40	copy of a progress letter she sent to the Committee members. The
41	meeting report contains the same information that she reported
42	verbally at last month's meeting. She said she suspected there was
43	not sufficient interest within the community to make building a bocce
44	court in the Park worthwhile. However, one of the Committee
45	members is very interested in the project, so the Committee plans to
46	resurvey the valley homeowner associations to see if interest has
47	increased since the last survey. The information they hope to gather
48	is an indication of whether building a bocce ball court would attract
49	more people to the Park. Directors Salke and Northrop doubted that

1		the expenditure of building the court, plus the annual cost of its
2		maintenance, could be offset by the revenue provided by additional
3		Park attendees that might be attracted by its presence in the Park.
4		iv. Long Range Planning Committee: No meeting.

6		President Grant asked Director York if NTFPD had provided her with
